Prepared by: Joint Depot Maintenance Activities Group  
Depot Assignments/Integration Technology Division

## **FOREWORD**

This Joint Service Depot Maintenance Military Construction (MILCON) Annual Summary focuses on the projects validated through the Joint Service Depot Maintenance MILCON Review process during FY04. A cumulative listing of all the projects validated by the panel to date is provided.

The purpose of the MILCON Review is to ensure review and validation of Service-proposed depot maintenance MILCON projects within the Depot Maintenance Interservicing (DMI) community.

The reviews are for depot maintenance-related MILCON projects. Shipyard waterfront projects are excluded because they have little interservicing potential.

Activities desiring copies should submit a request to JDMAG/MAU, Bldg 280, Door 24, 4170 Hebble Creek Road, Wright-Patterson AFB, Ohio 45433-5653.

T.S. MATTHEWS, CDR, USN  
Director, Joint Depot  
Maintenance Activities Group
